this unusual and intriguing study of nationhood explores the 19th century confrontation of ideas that transformed the kingdom of siam into the modern conception of a nation siam mapped challenges much that has been written on thai history because it demonstrates convincingly that the physical and political definition of thailand on which other works are based is anachronistic

international encyclopedia of human geography second edition fourteen volume set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens this updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking presents the most up to date and comprehensive coverage on the topic of human geography contains extensive scope and depth of coverage emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world places an emphasis on how geography is relevant in a social and interdisciplinary context

winner of the saltire society research book of the year whilst documents and other written material are obvious resources that help shape our view of the past maps too can say much about a nation s history this is the first book to take maps seriously as a form of history from

the earliest representations of scotland by ptolemy in the second century ad to the most recent form of scotland s mapping and geographical representation in gis satellite imagery and satnav compiled by three experts who have spent their lives working with maps scotland mapping the nation offers a fascinating and thought provoking perspective on scottish history which is beautifully illustrated with complete facsimiles and details of hundreds of the most significant manuscript and printed maps from the national library of scotland and other institutions including those by timothy pont joan blaeu and william roy amongst many others

the geographical distribution of the vote of the thirteen states on the federal constitution 1787 8 by orin grant libby first published in 1894 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it
