the damascus road encounter between jesus and paul is foundational to understanding the early development of christology and indeed christianity since it is the first appearance of the post ascension jesus contained in the earliest christian literature this study examines the encounter as it is described in paul s epistles and the book of acts since paul interprets his experience within the jewish tradition this study begins with a survey of epiphany texts in the old testament and other ancient jewish literature this reveals two new categories for appearances of god angels and other heavenly beings divine initiative and divine response this survey also finds two distinct patterns of characterization for god and other heavenly beings these findings are then applied to paul s accounts of his damascus road encounter paul depicts the encounter as a divine initiative epiphany this conclusion is significant since it argues against the current view that the encounter was a merkabah vision paul s christology in the damascus road encounter is also significant since jesus is characterized as divine such divine characterization is not typical for heavenly beings in first century ce epiphany texts thus a high pauline christology appears to be present at a very early point the three accounts of the damascus road encounter in acts also fit the pattern of divine initiative not merkabah and exhibit the high christology of paul s accounts in fact the three accounts in acts are shown to form an intentionally increasing sequence culminating in the revelation that paul was called to be an apostle by jesus himself on the damascus road

jonathan edwards is the greatest theologian of colonial america as well as its first important philosopher as a theologian he represents without any concession calvinistic orthodoxy re thought and re lived through the experience of the great awakening the large majority of his writings are of a theological character yet this theology is articulated and expressed through a systematic philosophical reflection edwardsian thought covers three major areas first being grace and glory then the doctrine of the will extending to the study of the original sin and evil finally an entirely original theory of knowledge synthesizing spirituality aesthetics and epistemology the present book the first edition of which appeared in french almost thirty years ago is a uniquely comprehensive study of the work of jonathan edwards it discusses all the aspects of his thought over against the background of classical protestant theology and of seventeenth and eighteenth century western philosophy our time witnesses a significant renewal of interest in jonathan edwards professor veto s book should prove to be a major contribution to assist and to guide the readers of america s theologian
